

# Celebrating 60 years of service.

Since 1961, ENSTAR Natural Gas has been providing safe and reliable natural gas service to its customers while being a positive force in the community. In our 60 years of service, ENSTAR has succeeded in each of these goals through the hard work, commitment and dedication of our employees.

## IS IT WORTH THE RISK?

Hitting a gas line without a locate can cause serious damage to you and your property. It can also result in hefty fines from federal enforcement agencies. In addition, ENSTAR charges to repair its damaged lines. A typical repair can cost more than \$1,000 and a fine from the federal government can exceed \$10,000. It's not worth the risk. **Call 811 two days before you dig, every time.**

**Know what's below.  
Call before you dig.**
